Integrated Marketing Group Basalt MAT

Integrated Marketing Group basalt mat is a needled basalt mat, a superb alternative to ceramic fiber. It provides exceptional thermal performance. This product is excellent for applications where low thermal conductivity and high heat resistance are critical. This material is incombustible, and can be used at temperatures up to 1800° F (1000° C) for long periods. Basalt mat is commonly used in thermal insulation, heat shield, and fire protection applications.

Values

Density:	10 lbs./cubic ft. (160.18 Kg/cubic m)
Thickness:	1/4", 1/2", 3/4", 1"
Service Temperature:	Continuous 1800° F (1000° C)

1740 W. Katella Ave. Suite A, Orange, CA 92867
Phone: 714-771-2401 Fax: 714-771-3925
